COURTS AND JUDGES—ONTARIO

The Supreme Court consists of two Branches, viz. The Court of Appeal and The High Court of Justice.

The Court of Appeal hears appeals from decisions of the High Court and of the lower courts.

The High Court of Justice hears various cases, criminal and civil, and has a wider jurisdiction than the lower courts. A trial judge sits several times each year in the various counties and judicial districts.

The next lower Courts are the County and District Courts and the Division Courts.

One of the County Court Judges in every County is also the Surrogate Judge. The Surrogate Courts deal with wills, and estates of deceased persons.

Appeals may be taken in certain cases, from the Supreme Court of Ontario to the Supreme Court of Canada, and from County, District and Division Courts to the Court of Appeal.

The Exchequer Court of Canada tries cases with which the Crown is concerned, admiralty matters, patents, copyrights, trade marks, Dominion Revenue, railways under the authority of the Parliament of Canada, and railways not wholly within one Province, and disputes between Provinces.

There is an Ontario branch of the Exchequer Court, known as the Ontario Admiralty District.

SUMMARY OF MUNICIPALITIES IN ONTARIO

At the close of 1948

Cities (Counties 24, Districts 5)	29
Towns (Separated from County)	7
Towns (Counties 93, Districts 46)	139
Village (Counties 145, Districts 10)	155
Townships (Counties 429, Districts 143)	572
Improvement Districts (Counties 1, Districts 13)	14
Total Local Municipalities	916
Counties (43)*	38
Total Incorporated Municipalities	954

*There are 43 Counties, some of which are united for purposes of local government as follows:
Leeds and Grenville,
Northumberland and Durham,
Prescott and Russell,
Stormont, Dundas and Glengarry.

The northern portion of the Province of Ontario is divided into 11 Districts and the southern portion into 43 Counties. The union of the following counties, Leeds-Grenville, Northumberland-Durham, Prescott-Russell and Stormont-Dundas and Glengarry reduces the county administrations to 38 distinct units for local government. The districts, unlike counties, are not organized for municipal purposes and as a result, the 211 incorporated municipalities contained therein are not united for municipal administration.

With the exception of the 24 cities and the 7 separated towns which are located within counties, the remaining 668 local municipalities in counties are united for administration in the counties of which they form part. This relationship is for the purpose of the administration of inter-related interests such as education, roads, welfare and administration of justice. Members of the County Councils are composed of the reeves of all the local municipalities within the county and in certain cases the deputy reeves.

The 7 separated towns are: Brockville, Gananoque, Ingersoll, Prescott, St. Mary's, Smith's Falls, Trenton.

POLICE VILLAGES

In addition to the organized villages listed elsewhere in the Ontario section of the Canadian Almanac, there are some 181 police villages.

A police village is run by a Board of Trustees elected by the residents. The Board of Trustees runs its local affairs, but cannot levy any taxes or make by-laws which involve the borrowing of money. It has to send in a requisition to the authorities of the township of which it is part for any finances it requires, such as for local improvements or lighting or village constabulary.

OUR CANADA

by

Arthur G. Dorland, M.A., Ph.D.

Our Canada provides a balanced presentation of the history of the whole Dominion, including Newfoundland, at the same time incorporating a thorough treatment of the machinery of democratic government in Canada. The material on citizenship is integrated with the history. The contributions of our people, English- and French-speaking alike, to Canada's history are presented in an understanding and inspiring manner.

In an excellent series of specially prepared wash drawings, J. Merle Smith, A.O.C.A., the artist, has brought the famous figures of history alive in authentic action settings. The captions to these illustrations have been developed in length and usefulness, in line with the theory that "a picture worth introducing is worth using".

The social development of the Canadian people has been described in such a way as to capture the imagination of every reader. The story of Canadian achievements told here will encourage the user to *feel* the high adventure experienced by all who further and strengthen their country's nationhood.

Art Galleries and Museums in Canada

THE NATIONAL GALLERY OF CANADA, OTTAWA

Board of Trustees—Chairman, Rt. Hon. Vincent Massey, C.H.; H. S. Southam, C.M.G.; Jean Chauvin, F.R.S.C.; Robert Newton, M.C., Ph.D.

Director, H. O. McCurry.

Curator of Canadian Art, R. H. Hubbard, Ph.D.

Curator of Prints and Drawings, K. M. Fenwick.

Industrial Design Section, D. W. Buchanan.

Open every day except Christmas Day. Weekdays, 10 a.m. to 5 p.m., Sunday, 2 to 5 p.m.

Founded in 1880 by the Marquis of Lorne, Governor General of Canada, 1878-83, the National Gallery has developed by means of annual grants voted by Parliament and through gifts and bequests. It is governed by a Board of Trustees established by the National Gallery of Canada Act, 1913 (3-4 Geo. V, c.33) which charges it not only with the care of the collection but also with the general promotion of the interests of art in Canada.

The permanent collections include European, British, and Canadian painting, sculpture, prints, and drawings, and other works of art. A new *Catalogue of Paintings* in the collection was published in 1948. Photographs and colour reproductions are available. At the National Gallery, special exhibitions, public lectures, classes for children and other students, and concerts are held.

An extensive national programme of travelling exhibitions accounts for some 200 showings throughout the country, ranging from small photographic displays to large collections, according to the requirements and facilities of the receiving centre. Besides collections of Canadian art, the National Gallery organizes and circulates exhibitions of the art of other countries; and correspondingly it sends Canadian exhibitions abroad (see *Annual Report* for details of exhibitions and their itineraries). Extension work on a national scale also include the publishing and distribution of colour reproductions to schools and other educational bodies, and to the general public; and loans of films on art, lantern slides, and prepared addresses illustrated with slides (see leaflet, *Reproductions, Publications and Lending Collections*); radio broadcasts to schools, and experimental educational tours involving exhibitions, films, and the services of a lecturer, are methods evolved in recent years. The National Gallery takes a leading part in the publication of the magazine "*Canadian Art*". A new section of the National Gallery encourages Canadian design in industry by means of publications, circulating exhibitions, and a photographic archive of all original Canadian designs.

THE NATIONAL MUSEUM OF CANADA, OTTAWA

The National Museum of Canada originated in the Geological Survey of Canada, which was founded in 1842 by Sir William Logan. Authority to designate it the "National Museum of Canada" was given by Order-in-Council P.C. 2615 of January 5, 1927. Formerly it was designated the Victoria Memorial Museum.

The National Museum exhibits collections illustrating the natural history of the Dominion; its Geology, Mineralogy, Palaeontology, Biology and Anthropology.

The study collections are open to research by properly qualified students. They include over 190,000 sheets of plants, phanerogams and cryptogams, 19,500 mammals, 35,000 birds, 5,400 lots of amphibians and reptiles, smaller collections of fishes and marine invertebrates, 50,000 archaeological specimens, 20,000 ethnological ones and 1,000 in Physical Anthropology. Folk song collections include phonographic recordings of 3,000 Indian, 6,000 French-Canadian, and several hundred British-Canadian songs. Scientific and educational publications on these subjects are available for distribution.

ROYAL ONTARIO MUSEUM OF ARCHAEOLOGY—Professor G. Brett, M.C., M.A., *Director;* Professor T. F. McIlwraith, M.A., F.R.A.I., F.R.S.C., *Associate Director and Keeper of the Department of Ethnology;* Professor H. E. Fernald, A.B., *Keeper of the East Asiatic Department;* Professor J. W. Graham, M.A., Ph.D., *Keeper of the Greek and Roman Department;* F. St. G. Spendlove, *Keeper of the Modern European Department;* Professor the Rev. R. J. Williams, M.A., B.D., *Keeper of the New Eastern Department;* Mrs. G. Bret, *Keeper of the Textile Department.*

The Museum possesses large collections that show the primitive skills of the palaeolithic, neolithic, copper and bronze ages; the early grain civilizations are illustrated in galleries of Babylonian and Egyptian objects. An historical European sequence is contained in galleries devoted to the Greek and Roman collections, including a fine collection of Greek vases, and to the mediaeval and modern periods, including arms and armour, ceramics and glass, woodwork and furniture, textiles, embroideries and lace. The Far

Eastern collection is of great importance, with stress laid on Chinese bronzes and ceramics, and on Japanese material. There is a large Ethnological collection, especially of American Indian material. The Museum includes a collection of Japanese prints and the Sigmund Samuel Canadiana Collection.

The collections have been formed to teach as far as possible the history of mechanical work, and to be a stimulus to the modern worker.

Royal Ontario Museum of Geology and Mineralogy—Professor V. B. Meen, M.A., Ph.D., *Director*, Professor E. S. Moore, M.A., Ph.D., F.R.S.C., *Director Emeritus;* Professor A. L. Parsons, B.A., F.R.S.C., *Director Emeritus of Mineralogy.*

The museum occupies two galleries. The exhibits in the north gallery are partly arranged on an economic basis, sections being devoted to ores, fuels, ceramics, building stones, abrasives, refractories, etc. Especial attention has been directed to building and ornamental stones; copper, nickel, radium, silver and gold ores, Canadian coals, etc. The geology of famous mining regions is illustrated by mine models and suites of specimens. There are models of an oil field and oil well with working pump. Glacial geology has received much consideration; striated surfaces, striated stones, and tillites are represented from all the known Ice ages and from all parts of the world. Dynamic and Structural Geology are well represented by numerous specimens and models, and there is a large collection of water colour paintings of glacial features.

The south gallery contains an unusually complete series of minerals from all parts of the world as well as a special collection of Canadian minerals; collections of cut gems, crystals, meteorites, rocks; and a special series to illustrate the mineral association found in deposits of gold, silver, lead, zinc, radium and nickel, as well as certain non-metallic series. Among the popular exhibits are a reconstructed crystal cave and a collection to show the fluorescence of minerals.

A large part of these collections has been presented by persons connected with the mining industry.

Royal Ontario Museum of Palaeontology—Professor L. S. Russell, M.A., Ph.D., F.R.S.C., *Director;* Professor Madeleine A. Fritz, M.A., Ph.D., F.R.S.C., *Associate Director.*

The museum contains extensive series of Invertebrate fossils arranged to illustrate the anatomy and classification of the different zoological branches, and to indicate the important faunas of the geological ages. Vertebrate fossils are represented by numerous reptiles and by an excellent collection of mammals and fishes. The mounted skeletons of dinosaurs from Alberta are a feature of especial importance. Fossil plants are shown by good series of Carboniferous, Cretaceous, and Interglacial forms. The collections contain, also, a special Canadian series designed for the use of students of Canadian geology.

Much unique material is included in the exhibits, and numerous type specimens of particular value, *e.g.* Matthew's types of Cambrian fossils from eastern Canada and type dinosaurs from the Cretaceous formations of Alberta.

The walls of the galleries of invertebrate palaeontology are decorated with an elaborate series of paintings portraying successive stages in the development of the earth. They emphasize particularly the animals and plants of past ages.

Royal Ontario Museum of Zoology—Professor F. A. Urquhart, M.A., Ph.D., *Director;* L. L. Snyder, *Associate Director.*

The exhibits are arranged in two galleries, one showing a representative series of animals foreign to Canada; the other, a fairly complete series of Canadian vertebrate animals and representative series of invertebrates. In the introductory portion of the Canadian gallery special exhibits are arranged including realistic reproductions of scenes showing animals as they are found in nature.

Aside from the Museum's teaching exhibits, it possesses extensive study collections. These are richest in Canadian forms but the bird collection includes that of the late J. H. Fleming representing birds of the world; consequently the Museum holds a position of importance with its store for ornithological research.

Division of Education—Miss Catherine Steele M.A., *Supervisor.*

This Division has been organized to enlarge the Museum's service to the public in all fields. More extensive co-operation with schools is being put into effect, and an adult education program of afternoon and evening courses is under way. Through this Division the Museum offers travelling collections to schools and other services to outlying parts of the Province.

FOREIGN EXCHANGE QUOTATIONS

The following are nominal quotations, based on rates available in London or New York and converted into Canadian terms at the mid-rate for sterling or par for United States Dollars, as furnished by the Foreign Exchange Division of the Bank of Canada. These quotations may be found useful in considering statistics and prices generally, but Canadian exporters are reminded that the kinds of currency which may be accepted for exports to different countries are specifically covered by the Foreign Exchange Control Act and Regulations and that funds may sometimes be tendered in payment for exports, which cannot, in fact, be transferred to Canada. Both importers and exporters are advised to communicate with their bankers before completing financial arrangements for the sale or purchase of commodities, to ensure that the method of payment contemplated is not only possible but that it is in accordance with the Foreign Exchange Control Act and Regulations.

The Christian Science denomination has no ordained clergy, but each church has two Readers who are elected for stated terms from among the members, and who conduct its services. Each church also maintains a public Reading Room, where the authorized literature of the denomination may be found. In 1938 the first college organization in Canada was established and is known as "Christian Science Organization" at the University of Toronto. The total number of adherents in Canada, per Census 1941, was 20,222. Communications should be addressed to Wm. D. THE RELIGIOUS SOCIETY OF FRIENDS

QUAKERS

The Religious Society of Friends originated in England in the 17th Century. Its distinctive Christian witness has been based on what has been called "The Inner Light". Quakers believe that "there is something of God in every man", and that human personality is of great importance. From this conviction arises the Quaker way of worship and the well-known interest in peace, penal reform, and other questions involving the use of goodwill in overcoming evil.

There are three branches of the Society in Canada—the "Hicksite" Friends, "Orthodox" Friends and the "Wilburite" or "Conservative" Friends. Total membership of the three groups is about 1100. The three Yearly Meetings hold joint and concurrent sessions at the end of June at Pickering College, Newmarket, Ontario. *Presiding Clerk:* Howard W. Clayton, Norwich, Ontario.

THE SYNAGOGUE IN CANADA

The Jews of Canada number 170,241 (Census 1941). There is no federation of synagogues in Canada. Each synagogue is autonomous, is responsible to no superiors, affiliated with no hierarchy. Any group of Jews may form a synagogue, which does not necessarily require the services of a rabbi, any individual being eligible to lead in the recital of prayers.

There are three tendencies evident in Judaism—orthodox, conservative and reform. The orthodox tendency parallels the fundamentalist movement in Christianity; the reform tendency is modernism in Judaism; the conservative tendency is the middle movement.

The Holy Blossom Synagogue of Toronto, the Temple Emanu-El of Montreal, and the Anshe Sholom Synagogue of Hamilton are affiliated with the Union of American Hebrew Congregations, the federation of reform synagogues The Shaar Hashomayim Synagogue of Montreal, the Goel Tzedec of Toronto the Adath Israel Congregation of Montreal and Beth Israel of Vancouver are affiliated with the United Synagogue of America (conservative). The President and Vice-President are elected for a four-year term (which ends at noon of January 20th) by a college of electors who are chosen by direct vote of the citizens in every state; the voting takes place on the Tuesday after the first Monday in November in every fourth (usually leap) year. Following this election the electors meet and give their votes at the respective state capitals on the first Monday after the second Wednesday in December. The votes of the electors are opened and counted in the presence of both Houses of Congress on the 6th day of January. In actual practice, however, the electors invariably vote unanimously for their political party's nominees for President and Vice-President although there is no constitutional requirement compelling them to do so. As soon, therefore, as the popular votes in the November election are counted in each State, the results are made public, and thus the names of the President and Vice-President can readily be forecast.

The Statutory Salary of the President is $100,000 a year; $50,000 a year is also allowed the President for official entertainment expenses. The Salary is subject to statutory taxes.

Forms of Address,—The President is addressed in diplomatic correspondence: His Excellency; The Vice-President, Honourable. In ordinary correspondence: My dear Mr. President, or, more formally, To the President; or, Hon. —— ——, President.

UNITED STATES CABINET

Secretary of State—Dean G. Acheson
Secretary of the Treasury—John W. Snyder, of Missouri.
Secretary of Defense—Louis A. Johnson, of West Virginia.
Attorney General—J. Howard McGrath, of Rhode Is.
Postmaster General—Jesse M. Donaldson, of Missouri.
Secretary of the Interior—Oscar L. Chapman, of Colorado.
Secretary of Agriculture—Charles F. Brannan, of Colorado.
Secretary of Commerce—Charles Sawyer, of Ohio.
Secretary of Labor—Maurice J. Tobin, of Massachusetts.

The Executive power is vested in the President, who appoints the Cabinet.

THE UNITED STATES CONGRESS

The Legislative power is vested in the United States Congress which consists of two houses: the Senate and the House of Representatives. The Senate consists of two Members from each State, elected for six years, one-third retiring every two years. The House of Representatives is elected for two years, each State choosing one or more representatives according to population. The period of a Congress is thus two years, a newly elected House of Representatives beginning its term and one-third of the Senators retiring at the same time. Congress must assemble at least once each year. Members of both Houses receive salaries of $12,500 a year with $2,500 expense account, plus allowances for travelling and clerical help. The last Congressional elections were held November 4, 1948.

THE CANADIAN AND CATHOLIC CONFEDERATION OF LABOUR

The Canadian and Catholic Confederation of Labour is organized similarly to the Canadian Congress of Labour and the Trades and Labour Congress of Canada. It is affiliated with the International Conference of The Christian Syndicates, and confines its activity mostly to the Province of Quebec.

It comprises 16 Federations and a number of local unions. It has approximately 90,000 members.

THE CANADIAN FEDERATION OF LABOUR

The Canadian Federation of Labour is defined in its constitution as "a fraternity of autonomous all-Canadian unions, equal in status, in no way subordinate one to another, ... bound together by a common desire to defend and preserve the economic liberty of the workers".

Established in 1902 as the National Trades & Labour Congress of Canada, the Federation adopted its present name in 1908. In 1927, in a merger of several organizations it became known as the All-Canadian Congress of Labour, but it emerged again as the Federation in 1936.

The aggregate membership of the Federation is 53,600. The Federation leaves to the affiliated unions the publication of their own statistics. For this reason, the statistics usually furnished by governmental agencies are far from complete.

As an example—$244.39 = £79:3:1 Nearest amount below $243.91 = £79:0:0
balance .48 = 3:1
$244.39 = £79:3:1

Amounts of 10 times or 100 times those given in table may be conveniently calculated by moving decimal point one or two places to the right.

As an example—to convert £840:0:0 to $.—£84:0:0 is $259.35; move decimal 1 place to right = $2,593.50.

COMBINE CLAUSE

1. Whenever from or as a result of a judgment of the Supreme Court, or Exchequer Court of Canada, or of any superior court, or circuit, district or county court in Canada, it appears to the satisfaction of the Governor-in-Council, that with regard to any article of commerce there exists any conspiracy, combination, agreement or arrangement of any kind among manufacturers of such articles, or dealers therein to unduly promote the advantage of the manufacturers or dealers at the expense of the consumers, the Governor-in-Council may admit the article free of duty, or so reduce the duty thereon as to give to the public the benefit of reasonable competition in the article, if it appears to the Governor-in-Council that such disadvantage to the consumer is facilitated by the duties of Customs imposed on a like article.

MARKING OF IMPORTED GOODS

The Governor-in-Council may from time to time order imported goods to be marked so as to indicate the country of origin.

Under this provision, the following classes of goods imported into Canada, shall be thus marked or labelled in legible English or French words, and such markings shall be as nearly indelible or permanent as possible, viz.:—

Printed or lithographed matter of all kinds, including books and pictures.

Seals, tickets or labels, irrespective of dimensions when imported in packages or coverings or in strips, sheets or rolls, in quantities in excess of 100 units are subject to the general marking regulations and each seal, ticket or label is required to be marked.

Seals, tickets or labels, exceeding one inch in their greatest dimension whether imported in packages or in strips, sheets or rolls, perforated or otherwise prepared for ready separation into single units, or intended to be used in such single units, must be marked with a satisfactory indication of the country of origin on each single unit. The above when not exceeding one inch, when imported in packages containing not more than 100 each, or in strips or rolls of not more than 100 units, may be marked with a satisfactory indication of the country of origin on the first package or on each strip or roll.

Decalcomania or dry transfers, not including ceramic or enamel transfer, are required to be marked with an indication of the country of origin as printed or lithographed matter. Such marking may be affixed on the back or carrier portion thereof, or on each sheet or roll, in the case of dry transfers, on the package in which such transfers are contained, when marking on the sheet or roll is impracticable.

Decalcomania transfers, imported for advertising and display, will be required to be marked with an indication of the country of origin on the face thereof as heretofore; marking on the back or carrier portion will not be accepted.

Decalcomania transfers known as toy transfers may be marked on each sheet, each book or package.

Imported ceramic or enamel transfers are not required to be marked with an indication of the country of origin.

Blind embossed or die stamped indication of the country of origin on printed or lithographed matter imported into Canada will be acceptable as satisfactory provided the marking otherwise complies with the requirements, particularly as to location, legibility, permanency and wording.

Ordinary printed or lithographed paper or other coverings, wrappers or containers, used merely to cover or contain shipments of goods consigned to Canada, are not required to be marked with an indication of the country of origin.

Printed or lithographed containers imported to contain goods for export, and printed or lithographed labels, stickers or wrappers, imported to be attached to goods manufactured or produced in Canada for export trade, may be exempted from the provisions of Section 16 of the Customs Tariff Act, provided the importer signs a certificate on the face of each entry as follows:

"The containers, labels, stickers or wrappers, described on this entry are imported bona fide by the undersigned to contain or to be attached to goods for export, and will be exported with such goods."

Imported containers, labels or wrappers, printed or lithographed, intended to be filled with or used upon domestic products may be marked in such a manner as to indicate the origin of the goods in their condition as imported, for example: "Label printed by John Jones, New York," thereby avoiding an improper imputation of origin in respect of the Canadian manufactured goods with which such imported containers, labels or wrappers are used.

Printed or lithographed matter, imported in *single* copies, unbound, for the use of the importer and not for sale, for religious, philosophical, educational, scientific or literary purposes, or for the encouragement of the fine arts, may be delivered without being marked with an indication of the country of origin.

Books may be marked on the inside or outside of the front or back cover, the first or last page, or the title page.

Writing, marking or drawing pencils of all kinds pen holders of wood, and fountain pens.

Claims for drawback submitted on and after September, 1, 1946, shall not cover goods exported for a period of more than twelve consecutive months and must be filed with the Collector and complete evidence attached thereto within a period of six months from the date of the last export entry covered by the claim. Nothing in these regulations shall be deemed to alter

or amend the law, or to affect any discretion vested in the Minister with respect to the payment or non-payment of drawbacks, and the Minister shall be the sole judge as to whether any claim for drawback shall be paid in whole or in part.

6. Upon the exportation of goods entitled to drawback, export entries, in triplicate, in the usual form (with the words "subject to Drawback" marked on the face), shall be filed with the Collector at the port of exit from Canada, naming the conveyance by which and the country or place to which the goods are to be exported and fully describing the kind and quantity thereof and also the marks and numbers on the packages;

(*c*) A copy of the export entry, duly numbered and certified by the Collector at the port of exit where the goods were entered for exportation from Canada;

For this purpose, the importer may deposit with the Collector of Customs a bond or money sufficient to pay the duty and taxes, and the required entry must be completed within ninety-six hours. When arrangements have been made to deliver goods on this basis, the importer must present his invoice to the proper Customs Officer at the point of arrival, for checking purposes, and must be sure entry is made within the ninety-six hour period, otherwise the arrangement may be cancelled and the deposit seized. Perishable goods are considered to be fruits, vegetables, fish and such like goods that are subject to decay. Similar arrangements can be made for the delivery of newspapers and periodicals.

It will then be up to the railway to produce a short landing certificate from the ocean carriers if the goods are from overseas, or a proof that the goods were lost or destroyed beyond the confines of Canada. When this proof is produced it must be attached to the refund claim.

The importer shall make and subscribe to a declaration on the face of the temporary entry that the goods described therein are bona fide samples for use only in taking orders for merchandise and are to be exported within twelve months.

When the samples are marked by a Customs Officer for identification and the temporary entry duly completed, the Collector may issue his permission for the release of the samples upon receiving the required deposit from the importer.

If all of the samples are not exported a deduction shall be made from the deposit equivalent to the duty and taxes payable on the samples not exported.

CUSTOMS PROCEDURE, ETC.

EXPORTING TO THE UNITED STATES

The customs laws of the United States, governing the importation of goods, very materially differ from ours. They have no such thing as the manifesting system such as we have, and all merchandise is supposed to be entered at the first port of arrival. However, they have ports termed I.T. Ports (immediate transport ports) to which goods may be forwarded in bond, without appraisement at the frontier port. In this case the goods must be carefully marked "Forwarded in Bond."

Merchandise, in order to be entered under Immediate Transportation, without appraisement at the frontier, must be destined to a designated immediate transportation port, and *must* be billed via a port at which merchandise may be entered for transportation to another port without appraisement.

These ports *through which* goods must be billed and *to which* they must be consigned may be learned from the transportation company as the lists are too extensive to be given space here

If goods are destined for a foreign country they are entirely under Transportation and Exportation entry in bond, in transit, for exportation from the seaboard port.

EXPORTING TO OTHER COUNTRIES

Exporters requiring information regarding invoice forms and Customs Regulations of other countries, applying to goods exported from Canada, should write to Department of Trade and Commerce, Ottawa.

GIFTS TO THOSE ON ACTIVE SERVICE

To be exported as gifts, addressed to members of the armed forces of the British Empire or their Allies, do not require a permit to export.

GOODS TO BE RETURNED TO THE U.S.

Merchants finding it necessary to return goods not according to order and wishing to obtain refund of duty will be required to make out four different forms to accompany the way bill when goods are shipped back. If shipment is over $100.00 the forms are as follow:

1. "Foreign Owner's Oath" or "Oath of American Manufacture."
2. American Consular Certificate.
3. Export papers in triplicate.
4. One certified copy of Customs Incoming Manifest.

F.E.C.B. export permit—5 copies.

Where shipment is under $100.00 the American Consular Certificate and Incoming Manifest are not required.

The intending consignee must send to the U.S. shipper for an affidavit on a prescribed form, mentioned above as the Oath of American Manufacture, declaring the goods to be of United States origin or manufacture, in order that the goods when returned may pass the U.S. Customs without duty

When this affidavit is received it must be attached to the way bill by the transportation agent here and forwarded along with the goods. This will enable the United States Customs Officer at the frontier to recognize the goods as home manufacture and have them forwarded on to destination without duty. The original U.S. shipper may secure these forms at his Customs, but a better way is for the intending consignee to secure a copy from the local express agent here and forward same to the U.S. firm with all necessary explanation as to line of procedure and thus avoid possible delay.

The American Consular Certificate forms must be obtained from the nearest American Consul, who will send blank forms in triplicate. These must be filled in as required and returned to the American Consul with his fee, when he will return one copy to the intending consignee, who will attach same to way bill with other documents mentioned.

Export entry, procurable from Customs Department, must be made out by consignee in triplicate and attached to way bill together with the Foreign Owner's Oath, Consular Certificate and Incoming Manifest. One copy will remain on file at the port of exit, the second copy goes to the Customs Department and the third copy will be returned by the Customs officer at the Canadian port of exit to the merchant who returned the goods. He will then attach it to the refund of duty claim along with a

copy of the way bill as a guarantee that the goods have been returned.

Goods must be in Customs custody within six months of date of importation.

CURRENCY CERTIFICATE OF INVOICE

Importers should, when ordering goods from Britain or any foreign country, instruct the exporter or salesman to always give the value of the goods in the home consumption column of the invoice and to show the same in the currency of the country of export.

Internal taxes should be definitely stated.

The exporter should also be very carefully instructed to place on the invoice the currency certificate.

In respect of invoices of goods from Great Britain or from any country where the currency has not substantially depreciated, the certificate of the exporter, showing the relative value of the paper currency in standard currency is accepted.

In other cases where the currency has substantially depreciated, there must be furnished a certificate, signed by a Consul or a Canada Trade Commissioner, or of a Bank, in the following form:—

CERTIFICATE OF CONSUL

Date......................

I certify that at the date of exportation of the goods described in the within or annexed invoice, the true value of the currency, in which the invoice is made out, as compared with the standard dollar o Canada, is at the rate of..........................
(Dollars and Cents)
per..........................
(Here give the unit of currency of Invoice).
Signed..........................

GOODS SHORT LANDED

In the case of goods duty paid and short received, delivery of same upon subsequent arrival can be obtained, without payment of duty anew, only when the following regulations are observed:—

(*a*) Notice of the short receipt of goods must be given to the collector in writing within thirty days of entry.

(*b*) If the goods have been omitted from the shipment, a declaration to that effect must be produced from the exporter.

(*c*) If a portion of the consignment has been delayed in transit by the carriers, a declaration to this effect will be required from the latter.

(*d*) No portion of a consignment of goods, duty-paid, in respect of which a short shipment occurs, is to be disposed of by the importer until the appraiser has had an opportunity of checking over the goods.

SETTLERS' EFFECTS ENTRY

Settlers' effects are admitted duty free, if actually owned abroad by the settler for at least six months before his removal to Canada, and subject to regulations prescribed by the Minister.

Provided that any dutiable article entered as settlers' effects may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

Settlers' effects, viz:—Machines and implements for agricultural purposes, moved by mechanical power, and motor vehicles valued at not more than one thousand dollars, and boats for fishing purposes, if actually owned abroad by the settler for at least six months before his removal to Canada, are free subject to regulations prescribed by the Minister of National Revenue.

Provided that in respect to motor vehicles valued in excess of one thousand dollars duty shall be payable only on the amount in excess of one thousand dollars.

Provided further that the said machines, vehicles, implements and boats may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

AUTOMOBILES IMPORTED BY NON-RESIDENTS FOR PLEASURE PURPOSES ONLY

1. Automobiles imported by non-residents for their personal transportation may be admitted without the payment of duty thereon, under Traveller's Vehicle Permit (Form E. 50) subject to the following regulations:

On arrival at the frontier Customs port of entry, the driver of the automobile shall report at Customs and apply for a permit. The applicant for a permit shall be a non-resident of Canada and a temporary visitor therein. He or she shall be the owner of the automobile, or a member of the immediate family of the owner, who is also a non-resident of Canada, or shall be able to produce written authority from the owner to use such vehicle.

The automobile shall be admissible only when imported for the use of the non-resident permit holder, for the transportation of such non-resident, his family and guests, and such incidental carriage of articles as may be necessary and appropriate to the purposes of the journey, but not to be used for the transportation of persons or articles for hire, nor in any case primarily for the carriage of articles. The use by any other person than the non-resident permit holder shall result in seizure and forfeiture of the vehicle.

No fee is to be collected for Customs attendance at any time in connection with the entry of travellers' automobiles.

2. *Temporary Admission, forty-eight Hours, at Ports and Outports on the Frontier Only*—In respect of automobiles entering Canada for a stay not exceeding forty-eight hours, when the Collector or Sub-Collector is satisfied that conditions of subsections (*a*) and (*b*) of Section 1 are complied with, he is authorized to permit entry upon the owner surrendering his State license card, which will be returned to him on the return journey. In such cases, the use of Form E. 50 may be dispensed with.

3. *Traveller's vehicle Permits for a Period not Exceeding Sixty Days*—In respect of automobiles entering Canada for a period not exceeding sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (*a*) and (*b*) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for a period not exceeding sixty days.

(*a*) Should a traveller who has been granted a sixty-day permit desire an extension for a further period up to six months from the time of original entry, he may, upon presentation of the permit before the expiry date of same, apply for such extension to any Collector or Sub-Collector of Customs and Excise, who, upon being satisfied as to the bona fides of the use of the automobile may issue a new Form E50 and retain the expired permit for cancellation.

4. *Traveller's vehicle Permits for a Period in Excess of Sixty Days*—If, on reporting at the Customs frontier port of arrival, the non-resident owner of an automobile desires a traveller's vehicle permit for a period in excess of sixty days, the Collector, if satisfied that the conditions stipulated in sub-sections (*a*) and (*b*) of Section 1 are complied with, may admit the vehicle without formal entry and may issue a permit on Form E. 50 for the period designated by the traveller, such period, however, in the first nstance, not to exceed six months.

If, through accident, illness or other unusual circumstances, the exportation of the vehicle at the expiration of six months from the date of the original entry cannot be effected, the matter shall be reported to the Deputy Minister of National Revenue for Customs and Excise, Ottawa, who, if satisfied as to the bona fides of the application, may authorize the extension of the traveller's vehicle permit for such additional period of time as may be necessary, and may specify the conditions under which such extension may be granted, and with what security.

COMMERCIAL VEHICLES

5. *Carrying Passengers Only.*—Automobiles, motor trucks and other motor vehicles may enter Canada and return to the United States without payment of duty on such vehicles when employed in conveying passengers in transit across the frontier, provided they are employed only for through transportation of passengers (either or both ways) between a point or place in the United States and a point or place in Canada. After a careful examination and appraisal has been made of such vehicles to enable the Customs officer to identify them on leaving the Dominion. Commercial Vehicle Permit (Form E. 50-B) shall be issued by the Collector or Sub-Collector on his being furnished with:

(a) a cash deposit equivalent to the duty and taxes payable on the automobile, or

(b) a bond of an approved guarantee company on Form D-3½, or

(c) the special bond of an approved guarantee company on Form D3-A.

On exportation of the vehicle under Customs supervision within a period of thirty days, the cash deposit shall be subject to refund or the bond to cancellation. In default of proof of such exportation within thirty days, the cash deposit shall be taken to account as Customs duty and taxes, and the provisions of the bond enforced.

6. *Carrying Goods.*—Automobiles, motor trucks and other highway vehicles carrying goods (dutiable or not) for delivery to a point in Canada may be admitted under Commercial Vehicle Permit (Form E. 50-B), under the provisions of Section 5 above if proceeding to an interior port with a load (and under the same Section but without requiring a bond if the goods imported thereby are intended for delivery within the limits of the frontier port of arrival, provided the Collector is satisfied that security is not required), subject to due entry at Customs at the frontier port of arrival of all goods to be discharged in Canada, and the payment of all duties and taxes to which such goods may be liable, failing which, they must be forwarded in bond under manifest by railway to the port of destination. Provided, however, that goods arriving by highway vehicles entitled to entry on Form B 4 or B 4½ as settler's effects, and goods for bona fide exhibitions, or horses for racing purposes eligible for entry on Form B. 18, may be allowed to proceed to interior destinations under Commercial Vehicle Permit for the vehicle, and manifest Form A-8 for the goods, without convoy; the same privilege may be granted in respect of articles for special use, and horses for breeding purposes, if the report and deposit required under Memo D No. 23 (Revised 1942) and No. 5 respectively, are not made at the frontier, in which case the report, and deposit (if any) shall be made at the port of destination.

8. Automobiles, trucks and other vehicles exported temporarily by residents of Canada.

(a) Automobiles, trucks and other vehicles of Canadian origin, or duty paid in Canada, whether travelling under their own power or transported by rail or ship, may be exported, temporarily, upon execution of Form E-60. (b) If it became necessary, because of an accident, to have repairs made abroad in order to enable the vehicle to continue the tour and return under its own power, the compulsory repairs so made shall be exempt from duty and taxes provided that such exemption from duty and taxes shall not be allowed on repairs exceeding $200 in value, except with the authority of the department. In cases where no accident to the vehicle has occurred, but tire casings or inner tubes, or both, have been replaced in the ordinary course, exemption from duty and taxes may be granted under this regulation on one tire casing and one inner tube only.

For further regulations, Consult Collector of Customs at nearest port.

NON-RESIDENTS FOR PLEASURE PURPOSES AIRCRAFT IMPORTED TEMPORARILY BY

1. Advance notice of arrival:

(a) Prior to departure for Canada from a foreign airport, advance notice of date and approximate time of arrival shall be given to the proper officer of Customs.

(b) Advice to Customs officers as to time and place of first arrival at a Canadian Customs airport shall be forwarded by mail, telephone or telegraph. If considered advisable, the tourist may request the Canadian Customs officer to furnish a reply, which can then be carried into Canada by the pilot. The importance of this will be realized when one considers the possibility of overflying the intended airport or landing at another place by mistake, or making a forced landing, in all of which cases the reply from the Canadian Customs Officer will assist in establishing the bona fides of the tourist in making his report to Customs or the Royal Canadian Mounted Police, as the case may be. Without such a telegram the tourist's presence at a place where no advance notice of his arrival had been received might render him subject to suspicion.

(c) Advance notice as referred to above will not be necessary if first landing is to be made at Dorval Airport, Montreal, P.Q., at which point 24-hour service is maintained.

2. Formalities on landing:

(a) First alighting of the aircraft shall be made at a Customs airport or airfield designated as such by the Department.

(b) On arrival, the owner or pilot of the aircraft shall report to the proper officer of Customs.

(c) Provided he is satisfied that the aircraft is being imported and will be used by a non-resident for purposes of health and pleasure only and not for trade or profit, the Customs officer may issue Permit Form C-15 for a period not exceeding 3 months.

(d) Should subsequent landings be made in Canada prior to final departure, no report at Customs is necessary provided the owner or pilot is in possession of a valid Form C-15. However, he shall produce the same to Customs or airport officials, or police authorities, on request, as evidence of his right to alight without report at Customs.

3. Formalities on departure:

The owner or pilot of the aircraft shall, prior to the final take-off for departure from Canada, which shall be made from a Customs Airport or Airfield designated as such by the Department, report to the proper officer of Customs and surrender Permit Form C-15.

AIRCRAFT EXPORTED TEMPORARILY TO THE UNITED STATES, ALASKA AND NEWFOUNDLAND BY CANADIAN RESIDENTS FOR PLEASURE PURPOSES

4. In simplifying the requirements for the reporting of pleasure aircraft the Department has waived the necessity of the pilot (or tourist) furnishing written outwards and inwards reports in respect of aircraft under Canadian registry owned by residents of Canada and operated by them for purposes of private flying only and not for the transportation of goods or passengers for gain or hire. Departure must be made from, and the first landing on return must be made at, a Customs airport or airfield of entry and exit.

It is obvious that some means of identification of Canadian machines must be provided in order that the way may be open for their return without being liable to assessment of duty and taxes.

The Department has authorized a special identification form (Form E. 61) for this purpose. Particular attention should be paid to the fact as to whether or not the aircraft is supplied with heater, radio, etc. Note of the serial numbers of the tires, engine and propeller should be taken.

RETURNING RESIDENTS' EXEMPTION $100

7. Under the provisions of the Customs Tariff, free entry is granted in respect of "goods valued at not more than one hundred dollars included in the baggage accompanying residents of Canada returning from abroad after an absence from Canada of not less than 48 hours and acquired by them for personal or household use or as souvenirs or gifts, but not bought on commission or as an accommodation for other persons or for sale, under regulations prescribed by the Minister, provided that a resident of Canada shall not be entitled to the exemption herein granted within a period of four months from the date of the last exemption allowed, nor shall the exemption be allowed on alcoholic beverages in excess of one quart, or on tobacco in excess of fifty cigars, two hundred cigarettes and two pounds of manufactured tobacco.

The following regulations have been prescribed by the Minister:

(*a*) All goods in respect of which exemption is claimed shall be declared in writing on Customs Declaration Form E. 24, in duplicate, unless the total value upon which exemption claimed does not exceed $5.

(*b*) The exemption granted shall be limited to goods actually accompanying a returning resident of Canada and brought in by him as baggage at the time exemption is claimed, and shall not be granted to any person under the age of fourteen years.

(*c*) A person who has been allowed exemption of less than $100 on a previous occasion shall not be entitled to add to the amount of a subsequent exemption the difference between the amount previously allowed and full exemption.

(*d*) Goods belonging to one person cannot be included in the exemption claimed by another.

(*e*) Returning residents must state in their declaration in Canadian currency the price actually paid for all goods purchased abroad in respect of which exemption is claimed, and must state a fair market value for all goods obtained abroad other than by purchase, such as gifts. The purchase price or value stated is not necessarily the value for duty, but must be declared in order to assist the appraising officer in arriving at the correct value for duty. To facilitate appraisal invoices or sales slips should be presented where possible.

(*f*) If personal effects or goods taken abroad be advanced in value or improved in condition while abroad by reason of repairs or alterations further than that necessarily incidental to wear and use while abroad, the cost or value of such repairs or alterations is subject to duty. Such cost or value may, however, be included within the $100 exemption.

(*g*) In cases where goods for which exemption is claimed have a combined value of over $100, exemption is to be applied, where practicable, to the goods subject to the highest rates of duty.

(*h*) All dutiable goods obtained abroad for which exemption cannot be allowed, must be entered at customs and duty paid in the ordinary course.

(*i*) These regulations shall not be construed to be applicable to any goods the importation of which is prohibited, except as specifically provided for in Tariff Item 703 (*b*).

REGULATIONS GOVERNING TEMPORARY ADMISSION OF ARTICLES FOR SPECIAL USE

1. (*a*) The Department has authorized the use of Temporary Admission Report Form E-29, under which certain specified articles may be permitted entry without payment of duty and taxes. Provision is made on the Form for a computation of the amount of duty and taxes properly payable, and a cash deposit of an amount equal to that sum is to be supplied, unless otherwise stipulated. The E-29 must be surrendered by the holder and exportation must be made within six months from the date of entry (unless otherwise provided for), and any cash deposit which may have been furnished will then be subject to refund, otherwise it will be taken to account as duty and taxes. The goods must be identified by a Customs Officer prior to exportation.

(*b*) Although the furnishing of a deposit may be required by the regulations, any Collector of Customs may, in his discretion, waive its collection if the imported articles entered under Form E-29, are to be used within the limits of his own port, under such precautions or provisions as he may consider necessary to secure the due exportation thereof immediately after such use.

STOCK TRANSFER TAX, ONTARIO

Upon every change of ownership consequent upon the sale, transfer or assignment of any share of stock of any association, company or corporation, or of any bond, debenture or share of debenture stock made or carried into effect in Ontario, or of any participating interest in the operations or profits of an association, company or corporation, represen ed by certificates or other instruments of title capable of being sold, transferred or assigned, including syndicate units, mineral deeds, oil royalties, and fixed investment trust shares issued by a trustee and representing an equitable ownership in deposited securities, and upon every order given to a broker in Ontario for the sale, transfer or assignment of any such securities when the order is to be executed outside of Ontario, there shall be imposed, levied and collected a transfer tax. The Scale of Tax is the same as for the Dominion of Canada, shown above.

These stamps and any further information may be obtained from the Treasury Department, Parliament Buildings, Toronto, Ontario

SECURITY TRANSFER TAX, QUEBEC

The Scale of Tax is the same as for the Dominion of Canada, shown above (except on shares of stock selling over $150.00—5c per share), on the following transactions:—

Upon every change of ownership of a security consequent upon the sale, the transfer or the assignment thereof, made in or carried into effect in Quebec Province;

Upon every order given in Quebec for the sale, transfer or assignment of a security, when such order is to be executed outside of Quebec;

Upon every delivery in Quebec of a security payable or transferable to bearer, when the sale, transfer or assignment thereof has been executed outside of Quebec;

Upon every payment made in Quebec, consequent upon the sale, transfer or assignment which has been executed outside of Quebec;

Upon every conversion in Quebec of a security into one which is payable or transferable to bearer;

Upon every transfer or delivery of securities in Quebec, effected for cancellation or exchange purposes; provided this paragraph shall not apply where the exchange of securities issued by one company is made for other securities issued by the same company to the same holder.

Only one of the provisions contained in the foregoing subsection 1 of this section may apply in this Province to the same transaction in securities.

Except as hereinafter provided, if a change of ownership otherwise than by sale is effected, of any share of stock, such change of ownership shall be subject to the tax imposed by this section, computed on the basis of the current market price of the aforesaid share of stock.

When a current market price has not been established by recent sales, or where it is difficult to ascertain the value of the shares of stock, the Provincial Treasurer may fix a price which shall be the price on which the tax shall be paid.

In this section, the term "share of stock" applies to the share of any undivided interest and the share of any participating interest, such as mentioned in sub-paragraph b of subsection 2 of section 1a of this Act.

In respect of transactions in fractional shares, the tax applies pro rata according to the rate exigible in respect of whole shares.

NOT SUBJECT TO THE TAX

Certain transactions not included above are exempt; such as transmissions owing to death, allotment of a first issue, transfers or assignments in connection with the security of a loan, etc.

For further information, apply to the Comptroller of Provincial Revenue, Quebec.
